

UST-FH800 Foot Operated Hydraulic Pump

Foot Operated Hydraulic Pump

Features:

- Big capacity of oil, operate with big cylinder.
- Hydraulic operated pump to drive crimping head and cutting heads and punching head including 2M high pressure hose and couple plug.
- PT3/8" Screw thread, the oil number is Shell Tellus T15, which must be changed every half year

UST-FH800 Foot Operated Hydraulic Pump		
Type		Foot Pump
Max Output Pressure	Low Pressure	2MPa
	High Pressure	70MPa
Out Put of the Oil	Low Pressure	5.5cc
	High Pressure	1cc
Capacity of oil		700cc
Direction of Piston		Double

Note: It suggest to match electric pump.

Note: Product color may slightly vary due to photographic lighting sources or your monitor settings.
